Our Small Animal Vets are available between 8.30 am to 6pm every day including Weekends and Bank Holidays. However, we also know your pet can become ill or suffer accidents at any time. To ensure the best level of care from our out of hours service, we have teamed up with our colleagues at Carmarthen Veterinary Centre and Hospital.

Carmarthen Veterinary Centre is an accredited Hospital and has a dedicated out of hours team, consisting of an out of hours Vet on call and a nurse on site at the hospital, outside of normal working hours

This is the closest Practice that has facilities to provide out of hours care, that your pet would require should an emergency occur. We believe this gives you and your pet the best level of emergency care if required outside of normal opening hours.

Should you require our small animal out of hours service, all you need to do is call the following number: **07951095104** and you will be directed appropriately .

Carmarthen Veterinary Centre and Hospital, Llysonnen Rd, Llanllwch,
Carmarthen , SA31 3SA.

Directions: Carmarthen Veterinary Centre and Hospital situated just off the A40 to the west of Carmarthen.

If you follow the signs for the Park and Ride and Livestock Market you will not miss the Veterinary Centre.
